PERMIT OR PREREQUISITE OVERRIDE REQUEST FORM

Request a **PERMIT** if you receive a "Permit Required" message when registering.

Request a **PREREQ OVERRIDE** if you receive a "Preq & Test Score Error" message when registering.

1) Print and fill out this form **completely and legibly**.

2) "Course desired" must include course number (NOT Course Reference Number) and section.

3) Most permit and prereq override requests **require** the instructor's signature. Resolution of prerequisite mistakes (OSCAR does not recognize your valid prereqs) does not require a professor's signature.

4) Return the completed request form to CULC 474E or room 321 Cherry Emerson Building. Most requests are processed within 24 hours.

5) You will receive an auto-generated confirmation e-mail when your request is filled.

6) YOU must register for the course. Receiving a permit or prereq override does not guarantee a space in the course if it fills up.

Permits and prerequisite overrides are good until the end of all phases of registration.
