What are your top two (or more) current career plans or aspirations?

What research, internship, and/or career-relevant extracurricular experiences are you pursuing to explore these goals?

List your top 2–3 academic goals for this year, and describe how you plan to achieve them (i.e. change study habits, four-year plan, build your resume/CV, join Mentor Jackets, attend career seminars, apply for Internships/REUs, etc.)

Is there anything else you would like to discuss?
