

Brigit McGuinness

Lab Manager for Intro Biology labs and Neuroscience labs

GT1000 instructor

Campus location: 474D or 478 lab room in Clough Undergraduate Learning Commons

Contact via email preferred: bmcguinness7@gatech.edu, no office phone

Teaching interest:

Brigit is mainly focused on laboratory skills in Biology and Neuroscience in undergraduate labs, mostly introductory labs, but occasionally assists Faculty led Capstone labs in Neuroscience. She teaches mainly the TAs these skills but does assist in some labs the TAs may not be familiar with. She also teaches a Biology focused section of GT1000 (welcome to college course at GT) where she focuses on what the BIOS major and GT have to offer new students.

Education:

Georgia State University – Atlanta, GA

Master of Science in Neuroscience

August 2018 - May 2020

Agnes Scott College – Decatur, GA

Bachelor of Science in Neuroscience

August 2012 - May 2016
